**Conditions of the draw**

The round of 32 pairings are determined by a draw for which an equal number of clubs are seeded and unseeded, in accordance with the club coefficient ranking established at the beginning of the season, drawn up in accordance with paragraph 7.02 of the *Regulations of the UEFA Women's Champions League 2013/14*. The titleholder is always the top seed. The draw respects the following principles, in accordance with paragraph 5.09 of the *Regulations of the UEFA Women's Champions League 2013/14*:

- Clubs from the same association cannot be drawn against each other.
- Winners and runners-up from the same group cannot be drawn against each other.
- The seeded teams play the return leg at home.

**Draw procedure**

The balls containing the names of the unseeded teams will be placed in one bowl and the balls containing the names of the seeded teams will be placed in another bowl.

A first ball will be drawn from the bowl containing the unseeded teams. The team drawn is placed as the home team of match 1.

A ball will be drawn from the bowl containing the names of the seeded teams to complete the match 1 tie. The team drawn will be placed as the visiting team of match 1.

This procedure will be repeated for the remaining matches (2 to 16).

Should the team drawn be from the same association as the home team in that tie or be from the same qualifying-round group, the team will automatically be transferred to be the visiting team of the next tie and another team will be drawn into the free position of the current tie.

Should a seeded team and an unseeded team from the same association, or a winner and runner-up from the same qualifying round group, be remaining in the two draw bowls when it comes to draw tie 15, the following procedure will ensue: a team will be drawn from the bowl containing the unseeded teams and will be placed as home team of match 15; the remaining three teams in the two bowls will be allocated to the three remaining positions in ties 15 and 16 in accordance with the conditions of the draw as specified above.

Similarly, if a clash occurs in tie 14 and there is a seeded team and unseeded team from the same association, or a winner and runner-up from the same qualifying round group, still remaining in the two draw bowls, the following procedure will ensue: the visiting team in tie 14 will automatically be transferred to be the visiting team of tie 15 and another team will be drawn into the free position of tie 14; the remaining three teams in the two bowls will then be allocated to the three remaining positions in ties 15 and 16 in accordance with the conditions of the draw as specified above.
