Attack

Ball possession with crossing half-way line

Counter-attack

Open play attack after the opponent team loses the ball. A counter-attack lasts no longer than 30 sec. Speed of moving to the target in counter-attack - not less than 2,6 meters/sec.

Positional attack

An attack in open play or after set pieces (throw-in or free-kick). Positional attack in open play either lasts more than 30 sec or speed of moving to the target in ball possession is less than 2,6 meters/sec

Attack after a free-kick or throw-in

An attack which starts with a set piece (corner, throw-in or a free-kick) and its first or second action is a shot on goal or a cross into the box.

Attack after a corner

Team actions after taking a corner kick up to losing ball or opponent's clearing the ball to the central zone

Speed of moving towards the goal

Each ball possession has starting point and final point. We calculate the distance from the starting point to the goal (x) and the distance from the final point to goal. The speed of moving to the target is calculated from the difference between these two distances divided by the time of ball possession. It is measured in meters/second.

Speed of ball moving

During each ball possession we calculate the ball's trajectory in meters. Speed of ball moving means the sum of all trajectories divided by the ball possession time, it is measured in meters/second.

Shot

Sending ball to the opponent's goal with the purpose to score. Shots are clasified following way: accurate (on target), wide (posts and crossbar included) and shots blocked by the opponent.

Non-attacking pass

A pass to the nearest team partner without attacking purposes. It is supposed only for ball control.

Attacking pass

A pass to a partner who is in a better position for building up an attack. Attacking pass cuts off a few players participating in defense. Attacking pass can be made forward, backwards and across.

Key pass

A pass to a partner who is in a goal scoring position (one-on-one situation, empty net etc.) and a pass to a partner that "cuts off" the whole defensive line of the opponent's team (3 and more players) in the attacking phase.

Free ball pick up

Recovering the ball without challenge, due to bad ball control or inaccurate opponent's pass.

Interception

Recovering the ball after opponent's accurate pass or shot. As opposed to pick up, interception is an active action that interrupts opponent's attack. Interception usually means blocking shots on target or accurate attacking passes.

Challenges

All types of challenges on a field. It is a summary measure, which includes struggle for neutral ball, air challenges, dribbles, tackles, losses of a ball after opponent's tackles.

Air challenge

A struggle of two opponents for a ball above their shoulders level.

Dribble

Active action of a player possessing the ball, an attempt to pass opponent by using dribbling. When dribbling succeeds, the opponent has unsuccessful tackle registered.

Tackle and ball loss in a challenge

Active action of a player who tries to tackle the ball from the player possessing it (the opponent in this case has the loss from tackle registered); counteracting opponent's dribbling is also registered as tackling.

Clearance

Deliberate kicking the ball away, often beyond the field.

Possession

Deliberate movement of a player possessing the ball (not less then 3 touches)

Poor ball control

Losing a ball without challenge as a result of an inaccurate action.

Goalkeeper's interception

Goalkeeper's interception of the opponent's pass or goalkeeper's challenge.

Ball recoveries

Player's actions (interception, picking up, won challenge) ending opponent's ball possession and giving a chance of making quick counter-atak.

Loss of a ball

Player's actions (inaccurate pass, lost challenge, etc.) that lead to losing a ball. Loss of the ball is not registered if the ball possession is finished with a foul suffered or a shot.

Speed of attacking actions

Number team's attacking actions per minute of the ball possession.

Speed of accurate passes

Number of accurate passes per minute of the ball possession

Challenge intensity index

number of challenges and interceptions made by defending team per minute opponent's ball possession

Total actions

Total number of all types of passes (incl crosses and set pieces passes), challenges, interceptions, picking ups free balls, dribbles the ball, bad ball controls and all kinds of shots (incl goals), shots saved and goals conceded
