2. INTRODUCTION

Hospitality has become much more than just enjoying a glass of champagne and exquisite canapés in an exclusive dedicated hospitality lounge.

Nowadays, hospitality is about the ultimate experience, the moment that money cannot buy. It is about immersing into a different world, about entertainment, fun and interaction. It is about experiencing hospitality with all senses. It is about the use of technology, about social media, about bringing people together. Hospitality is about capturing guests at every touching point of their experience and throughout their entire journey – from arrival to the moment a hospitality guest is leaving – and, in an ideal world, even beyond.

The UEFA Champions League Final, one of the world’s most prestigious annual sporting events will take place in the following venues over the next 2 years:

1. On 30 May 2020, the UEFA Champions League Final will take place in Istanbul, Turkey. The Ataturk Olympic Stadium will host the UEFA Champions League Final 2020

2. In May 2021 (date tbc) the UEFA Champions League Final will take place either in St. Petersburg (Russia) or Munich (Germany) (with such venue being announced by UEFA in due course)

OBJECTIVE OF THE REQUEST FOR PROPOSALS

Building on the success of the previous UEFA Champions League Final editions and with the objective of being the best in class and a benchmark within the sphere of world class sports events hospitality, UEFA is constantly aiming to bring its hospitality services to a different level and to set the trend for the future of sports hospitality. As such, UEFA’s objective is to provide inventive and one-of-a-kind experiences to its various hospitality target groups

In order to achieve such goals, UEFA wishes to collaborate with the best partners, because outstanding and extraordinary services can only be delivered by outstanding and extraordinary people with a strong ambition to strive for excellence.

UEFA is therefore seeking to appoint a highly creative event architect to draw the lines of an inspiring and innovative look and feel concept for the different hospitality areas and target groups of the UEFA Champions League Final 2020 and 2021.

This document is an Invitation To Tender (ITT) and is part of a selection and evaluation process, which will be administered by UEFA.

The purpose of this ITT is to invite interested Applicants to submit their creative, financial and project planning Proposal for brand and decoration services and to enable UEFA to appoint the most adequate Applicant to design and implement first-class brand and decoration solutions for all Hospitality Areas at the UEFA Champions League Finals in 2020 and 2021.
The submitted Proposals will be assessed based on the following three main criteria:

1. **Creativity and innovation:**
   - The Applicants’ creative capacity will be one of the key aspects for selection. Illustrations of previous finals are made available for reference. However, Applicants are expected to come up with innovative ideas and new elements including, but not limited to, new technologies.
   - In addition to showcasing the UEFA Champions League brand imagery and assets (as explained further in the Brand Manual in APPENDIX 6), Applicants are expected to include imagery / footage / other features they deem relevant to the context and the proposed concept.
   - Applicants are invited to propose innovative materials and shapes as well as print and production methods. Quality of the look and feel as well as compliance with the brand colour scheme of the Event should thereby always be a prevailing factors.
   - Applicants are expected to integrate elements / structures as visual eye-catchers to break the monotony of volumes and heights (e.g. platforms, ceiling-high structures) and to enhance the guest flow and spatial perception within the Hospitality Areas.
   - Applicants are invited to integrate football and memorabilia elements to immerse our guests into the UEFA Champions League Final atmosphere which is full of emotions, unforgettable moments and fun.

2. **Financial proposal:**
   - Applicants are requested to provide a clear and transparent costing structure, with unit prices, running meter / square meter prices and per head prices.
   - Applicants must demonstrate their ability to produce applications locally to a certain extent in order to minimise transportation costs and to allow for potential on-site requests.

3. **Project Planning:**
   - Applicants are requested to provide clear and transparent project planning. This planning shall include elements such as:
     i. Timings of the design of 2D and 3D artworks to be validated by UEFA
     ii. Timings of the production of all elements
     iii. Initial proposition for the set-up and dismantling schedule
     iv. Budget milestones

The pages hereafter contain a foreseen timeline as well as an overview of the estimated scope of the project and the requirements of UEFA for the Services, which need to be delivered for and around the Finals.

UEFA thanks you for your interest in the Tender process and looks forward to receiving your Proposal.
3. SCHEDULE

The timeline anticipated by UEFA in relation to the ITT, the evaluation process and the selection and appointment of the Successful Applicant(s) is as follows:

- **Publication of the ITT**: Friday, 13 September 2019
- **Applicants to submit their offer to UEFA**: Monday, 07 October 2019
- **Potential presentation to UEFA in Nyon**: Week of 21-25 October 2019
- **Provisional appointment of Successful Applicant(s)**: Beginning of November 2019
- **Signing of Agreement**: Mid November 2019
- **Site Visit in Istanbul**: Week of 18-22 November 2019

These dates are indicative only and are subject to change, at any time, at UEFA’s sole discretion.

4. SCOPE OF SERVICES

For the UEFA Champions League Final, UEFA provides hospitality services to the following target groups (further specified under Section 6 of this ITT: TARGET GROUPS):

- VIP hospitality guests hosted in the VIP Areas
- Finalists’ hospitality guests hosted in the Finalists’ Areas
- Official Hospitality guests hosted in Suites, Official Areas and the Official Hospitality Club
- Commercial Partners hospitality guests hosted in the Champions Village

The hospitality services provided to these target groups include catering services, entertainment and other benefits contributing to an extraordinary Match Day guest experience. The defined level of services provided to each target group as well as other relevant additional information are further specified under Section 6 of this ITT: TARGET GROUPS.

For the 2020 UEFA Champions League Final a total of approximately 13’000 hospitality guests are expected, and will be hosted in the different Hospitality Areas.

For the 2021 UEFA Champions League Final, we expect approximately the same number of guests, but the areas inside or outside the Stadium will be defined at a later stage.

Along with the afore-mentioned hospitality services, brand and decoration services form an integral part of the overall UEFA Champions League Final hospitality guest experience. The overall look and feel as well
as the individual brand and decoration elements to a large extent enhance the guest experience by facilitating and enriching the guest journey and adding an emotional and highly creative component to it.

Within the scope of this ITT, Applicants are invited to come up with a detailed Proposal for the UEFA Club lounge and the Champions Village communal garden area, the lounge in the VIP Area as well as one Suite for the UCLF 2020.

Such Proposal shall include the following (please also find more details in Section 5 of this ITT: INFORMATION TO BE INCLUDED IN THE PROPOSAL):

- A comprehensive and creative look and feel concept as per the below specifications under CREATIVE CONCEPT for UCLF 2020.
- A rate card of individually listed and priced branded elements as per the below specifications under BRANDED ITEMS for UCLF 2020 and UCLF 2021 (both St-Petersburg and Munich).
- A detailed financial proposal specifying and detailing all Services offered. This should be developed for the two Finals, and three Stadia (Istanbul, St-Petersburg and Munich).
- A detailed project planning as mentioned in Section 2: Project Planning

The elements proposed by the Applicant within the Cost Chart should be able to be applied by UEFA to the in-stadia hospitality lounges and Suites. Applicants are therefore invited to suggest any additional elements and features that they might consider relevant or adequate to enhance the look and feel of the hospitality areas inside the Stadium.

**CREATIVE CONCEPT**

A strong focus is attributed to the provision of an overall creative and innovative look and feel concept. Such concept should tell a story, following a coherent and comprehensive central theme and shall take into account any potential touching point with guests along their hospitality guest journey from the welcome to the guests’ departure (and beyond).

The concept shall put a strong focus on the guest experience being:

- entertaining;
- emotional;
- fun and joyful;
- immersive; and
- top-class.

The concept shall also include:

- memorabilia;
- football elements and emotions; and
- players emotion.

Images contained within the concept should be more than simple photos and they should match with the relevant brand guidelines.
In its Proposal the Applicant is expected to illustrate its proposed concept for the UEFA Club lounge and the Champions Village communal garden area, for the lounge in the VIP Area as well as for a Suite for **UCLF 2020**. The brand and decoration elements should set a “visual framework” to the other hospitality services delivered (such as entertainment, catering services, etc.).

Applicants are free in their creative approach towards the concept. Therefore, no specifications regarding a potential theme or regarding the implementation of the Services will be provided by UEFA.

The Services related to the provided concept and to be provided by the Successful Applicant must include the following:

- Provision of an overall creative design and look and feel concepts;
- Development and provision of all artwork;
- Development and provision of all required Hospitality Area layouts and technical drawings including furniture, decoration and lighting, as requested by UEFA;
- Allocation plans per area with all brand, decoration and signage;
- Production of the brand and decoration elements;
- Coordination with any third party, as required;
- Set-up and dismantling; and
- On-site support.

The Successful Applicant will be requested to elaborate a creative concept for UCLF 2021, once the Brand Manual is available and shared by UEFA (expected to be around August 2020).

**BRANDED ITEMS**

In addition to and in line with the proposed concept, a series of pre-defined elements need to be provided by the Successful Applicant.

The following overview lists such elements that shall be included in the Applicant’s Proposal:

- Applicants are invited to integrate elements / structures as visual eye-catchers to break the monotony of volumes and heights (e.g. platforms, room dividers, ceiling-high structures) and to enhance the guest flow and spatial perception within the Hospitality Areas; and
- Applicants shall propose creative solutions for the branding and dressing of bar and buffet elements.

Moreover, Applicants are invited to include features such as:

- Welcome desks;
- Backdrops with double sided branding (for welcome desks, room dividers, bar & buffet back walls);
- Room dividing elements;
- Divider walls to close off the view into the kitchens, hospitality back-offices and toilets;
- Branded window frosting (where applicable);
- DJ booth; and
- Directional signage inside the Hospitality Areas to WC and to seats.
**This list is not exhaustive**

The Services shall cover all target groups, both in the Champions Village, Official Hospitality Club, as well as inside the Stadium, as outlined in **Section 6 of this ITT: TARGET GROUPS**.

UEFA reserves the right to extend or limit the scope of the Services under this ITT due to any change of circumstances around the Final or otherwise, provided however that the Applicants will be informed by UEFA promptly about any such change, including receiving updated scope of the Services required. In addition, UEFA may decide to appoint more than one company to perform the Services or any parts thereof if, following the evaluation of the Proposals received from the Applicants, UEFA decides that it is in its best interest to do so.

The Successful Applicant will be requested to create artworks that will be produced by third party suppliers. As such, collaboration with such relevant third party suppliers is an important and critical aspect of the project (see **Section 6 of this ITT: TARGET GROUPS**). A close relationship with the third party suppliers is a key-element to deliver the project successfully. Weekly calls with all the relevant suppliers (Brand & Decoration, Tent, Catering, AVL suppliers) and UEFA will take place during the full duration of the project to allow constant and regular collaboration and exchange between all parties involved.

**PROJECT MANAGEMENT**

A thorough management of the project will be essential in order to ensure the successful delivery of the requested Services.

Therefore, Applicants shall present how they intend to manage the following topics:

- Set-up of a strong and consistent management team and organisation;
- Management of the project from concept and design through to the delivery and dismantling;
- Dedicated client-service team in direct contact with UEFA’s hospitality production team;
- Presentation of a detailed project plan;
- Presentation of a detailed operations plan, including set-up and dismantling timeline;
- Delivery of a detailed logistic plan including all deliveries;
- Presentation on how the Applicant intends to source products and utilise local suppliers, if applicable;
- Dedicated client-service person in direct contact with UEFA’s hospitality production team and potentially the Commercial Partners in addition;
- Set-up of a strong and consistent organisation across all Hospitality Areas at the Venue (inside and outside of the Stadium);
- Appropriate staffing and quality control;
- Appropriate quality control and compliance with any prevailing local health and safety laws and regulations and sustainability requirements;
- VAT handling;
- Waste handling during the set-up phase and post event;
- Preparation of 3D renderings and technical drawings as seen in **APPENDIX 3 – SUPPORT DOCUMENTS**: Example of 2D Lounge Layout and **APPENDIX 4 – SUPPORT DOCUMENTS**: Example of 3D Look & Feel Renderings;
• Preparation of presentation materials for meetings as necessary;
• Attendance at meetings, workshops and working visits as deemed necessary by UEFA;
• Strong budget management with a minimum of monthly reporting to UEFA.

The table on the next page is a summary of the project scope for the Successful Applicant and should be taken into account by the Applicant in its Proposal. All elements apply to both Finals, 2020 and 2021.

UEFA is committed to a sustainable development long-term strategy, ensuring that its business is conducted in a way that is environmentally sound, economically viable, and socially responsible. UEFA aims to encourage high standards of environmental and social performance amongst its suppliers and their supply chains, particularly in the organisation of UEFA events.

As a result, UEFA requires that the Successful Applicant gives due regard to the following principles, extracted from the United Nations Global Compact (www.unglobalcompact.org), in connection with the products and services they supply:

- **Human Rights**: The Successful Applicant should support and respect the protection of internationally proclaimed human rights and make sure that they are not complicit in human rights abuses.
- **Labour**: The Successful Applicant should uphold the freedom of association and the effective recognition of the right to collective bargaining, the elimination of all forms of forced and compulsory labour, the effective abolition of child labour, and the elimination of discrimination in respect of employment and occupation.
- **Environment**: The Successful Applicant should support a precautionary approach to environmental challenges, undertake initiatives to promote greater environmental responsibility and encourage the development and diffusion of environmentally friendly technologies.
- **Anti-Corruption**: The Successful Applicant should work against corruption in all its forms, including extortion and bribery.

The Successful Applicant also agrees to inform UEFA about:

- any demand or act when providing the Services that would not be consistent with these principles; and
- every initiative undertaken by the Successful Applicant aiming to promote and respect these principles.

Moreover, all Applicants are required to present information regarding sustainable development strategy or initiatives regarding environmental protection and social responsibility already implemented within its organisation.

**Each UEFA event is organised with the following priorities:**

- Optimise transport operations (general public, logistic and officials) to reduce carbon emissions;
- Enhance local employment (specifically in regions with high unemployment rate);
- Ensure optimal waste management through 3R strategy – reduce, reuse, recycle – in stadiums and venues;
- Reduce energy consumption and promote use of greener energies;
- Promote a responsible sourcing of products and services;
- Ensure accessibility of the event for disabled persons;
- Deploy anti-racism measures; and
- Implement a tobacco-free policy within stadia and venues.

UEFA events may be evaluated through the Sustainable Development project by producing a ‘one-year-to-go’ report before each event, and a complete reporting post-event based on the Global Reporting
Initiatives (GRI) Guidelines (www.globalreporting.org). In this regard, the Successful Applicant may be requested to deliver data on the service or products which it provides for an event.

Applicants shall provide appropriate information setting out how they will comply with the above requirements and any sustainable requirements specific to their industry and services.

Any additional item suggested by Applicants, in line with the current ITT and that could facilitate achieving these priorities during the event, will be taken into consideration by UEFA and be considered as important assets in the selection process.
