Competition information

UEFA's most prestigious club competition was originally created as the European Champion Clubs' Cup for the 1955/56 season, before its revamping as the UEFA Champions League in 1992.

• **Away goals:** If the two teams involved in a tie score the same number of goals over the two legs, the team which scores more away goals qualifies for the next stage. If this procedure does not produce a result, extra time of two periods of 15 minutes shall be played at the end of the second leg. If, during extra time, both teams score the same number of goals, away goals count double. If no goals are scored during extra time, kicks from the penalty mark determine which club qualifies for the next stage.

• **Disciplinary information:** As a rule, a player who is sent off is suspended for the next match in a UEFA club competition. The Control and Disciplinary Body is entitled to augment this punishment. In the case of repeated cautions, a player is suspended for one match after three cautions in three different matches, as well as following any subsequent odd-numbered caution (fifth, seventh, ninth, etc). Single yellow cards and pending suspensions are always carried forward either to the next stage of the competition or to another club competition in the current season.

• **Locally-trained players rule:** In February 2005, UEFA announced the 'A' list that teams submit for UEFA club competitions will continue to be limited to 25 players, and from season 2007/08, at least six places will be reserved for players trained by the club's own football academy of which half can be players trained by other clubs from within the same association of the said club. The 'B' list will also continue to exist – involving an unlimited number of Under-21 players who have been at the club for any uninterrupted period of two years since their 15th birthday. In 2006/07, the number of locally-trained players required began at four but the current six will rise to eight in 2008/09, with up to half of each figure allowed to be association trained. A club-trained player is defined as a player who has been registered for a minimum of three seasons with the club between the age of 15 and 21, whereas an association-trained player is one who has been registered for at least three seasons by the club or by other clubs affiliated to the same association between the age of 15 and 21.

• **Player registration:** UEFA regulations state that for all UEFA Champions League matches from the start of the first knockout round, a club may register a maximum of three new eligible players within their squad of 25 for the remaining matches in the current competition. One player from the above quota of three who has played UEFA club competition matches for another competing club in the current season may exceptionally be registered, provided that the player has not been fielded by another club in the UEFA Champions League this season.

• **Financial information:** UEFA estimate the gross income for the 2008/09 UEFA Champions League is €820.5m. Under competition regulations, 75 per cent of the total revenue received from television and commercial contracts concluded by UEFA, up to a maximum of €530m, will go to the 32 teams taking part in the group stage of Europe's premier club competition. The remaining 25 per cent is earmarked for European football and remains with UEFA to cover organisational and administrative costs, as well as for solidarity payments to associations, clubs and leagues. It is also stipulated that participating clubs will receive 82 per cent of any revenue received from the same stream in excess of €530m, with the remaining 18 per cent allocated to UEFA for European football. In addition, 50 per cent of the revenue received from new media contracts concluded by UEFA will also be available for distribution to the clubs, and the remaining 50 per cent will be allocated to the above-mentioned European football portion/quota.

According to projections, the estimated €820.5m will be made up of €813.8m from TV and commercial contracts and €6.7m from new media contracts. The total amount to be distributed to the clubs is €585.6m. Each of the 32 clubs in the group stage will receive a starting bonus of €3m. In addition, they will receive a match bonus of €400,000 per match. Performance bonuses will amount to €600,000 for a win and €300,000 for a draw in the group stage. The 16 teams playing in the first knockout round will receive €2.2m, the eight quarter-finalists €2.5m each and the four semi-finalists €3m each. The UEFA Champions League winners will receive €7m, and the runners-up €4m.

Competition records

• UEFA Champions League knockout stage: Did you know?

- Teams have come back from a first-leg deficit to go through to the next stage on 21 occasions, although only once – AFC Ajax's defeat of Panathinaikos FC in the 1995/96 semi-finals – has a side gone through after losing the first leg at home. The biggest losing margin a side has overturned was achieved by RC Deportivo La Coruña in 2003/04 when they fought back from a 4-1 defeat at AC Milan to win 4-0 at home and progress to the semi-finals.
- Sixteen ties have been decided on the away goals rule, including five where the triumphant team lost the first leg.
- FC Bayern München hold the record for the biggest first-leg lead with a 5-0 success at Sporting Clube de Portugal in this season's first knockout round, eventually going through 12-1 after a 7-1 home victory in the second leg.
- Ten ties have now gone to penalties, including the game between Arsenal FC and AS Roma in the 2008/09 first knockout round. Five of these were finals – 1996, 2001, 2003, 2005 and 2008. The first two-legged tie decided on spot-kicks was PSV Eindhoven's 4-2 win against Olympique Lyonnais on 13 April 2005 after a 2-2 aggregate draw.
- In all, 17 ties have required extra time. So far seven ties have been decided by extra time alone: four quarter-finals, two first knockout round encounters and last season's semi-final between Chelsea and Liverpool FC.
- Real Madrid CF have extended their record for knockout stage qualification in successive seasons. The 2008/09 campaign is the twelfth straight season since 1997/98 that they made it beyond the group stage, keeping them ahead of Manchester United FC, who appeared nine times in a row between 1996/97 and 2004/05. Overall, they have now played in the knockout stage 13 times, one more than United and two more than Bayern.
- The 2008/09 first knockout round encounter between Bayern and Sporting featured more goals (13) over its two legs than any previous UEFA Champions League knockout tie, Bayern prevailing 12-1. Lyon's 10-2 win against Werder Bremen at the same stage of the competition in 2004/05 was the previous highest total.
- There has never been a knockout tie ending goalless after two legs. Nine have finished 1-0 on aggregate, most recently Manchester United's narrow victory against FC Barcelona in the 2007/08 semi-finals.
- England has three teams in the semi-finals for the third year in a row, the fourth time one country has provided three of the last four in European football's premier club competition since 1992/93. In 1999/00 Valencia CF, Barcelona and Real Madrid all made it through, with Madrid ultimately going all the way. Then, in 2002/03, Madrid gate-crashed the Italian semi-final party, as eventual winners AC Milan, FC Internazionale Milano and Juventus all contested the penultimate round, while in 2007/08 eventual winners Milan were the only non-English side in a semi-final lineup that also included Manchester United, Liverpool and Chelsea. Winners United, Liverpool and Chelsea were joined by FC Barcelona in the last four in 2007/08.
- Teams from the same country have contested the final on three previous occasions. Madrid overcame Valencia 3-0 in Paris in 2000, three years later Milan defeated Juventus 3-2 on penalties after a goalless draw at Old Trafford, and United beat Chelsea, also on spot-kicks, after a 1-1 draw in Moscow last May.
- The biggest winning margin in one semi-final game has been three goals. AFC Ajax recorded a 5-2 home success in the 1994/95 second leg against Bayern, while there have been 4-1 victories on three occasions. Juventus did it twice at home against Ajax (second leg) and AS Monaco FC (first leg) in 1996/97 and 1997/98 respectively, and Valencia at home to Barcelona (first leg) in 1999/00. On five other occasions, teams won 3-0 - most recently Milan's defeat of Manchester United in the 2006/07 semi-final second leg.
- That 4-1 win for Juventus against Monaco in 1997/98 was part of the biggest aggregate semi-final score. The principality club won 3-2 in their home return to make it ten goals in the tie.
- Madrid's 6-0 second-leg win against FC Zürich in the 1963/64 edition remains the biggest victory in a European Champion Clubs' Cup semi-final. Eintracht Frankfurt's 12-4 aggregate success against Rangers FC in 1959/60 is the biggest two-leg total overall.
- Clarence Seedorf is the only player to win the European Champion Clubs' Cup with three clubs (Ajax 1995, Madrid 1998 and Milan 2003 and 2007). Liverpool's Bob Paisley – 1977, 1978 and 1981 – is the only coach to win three times.

- Ottmar Hitzfeld (BV Borussia Dortmund 1997, Bayern 2001) and Ernst Happel (Feyenoord 1970, Hamburger SV 1983) are the only coaches to win the trophy with two clubs.

- Only five capital cities have been home to teams that have won the European Cup: Madrid (Real Madrid), Belgrade (FK Crvena Zvezda), Bucharest (FC Steaua București), Amsterdam (AFC Ajax) and Lisbon (SL Benfica).

- Rome was awarded the 2009 UEFA Champions League final after a decision by the UEFA Executive Committee at its meeting in Ljubljana, Slovenia in October 2006. The Stadio Olimpico, home of AS Roma and S.S. Lazio, previously held European Cup finals in 1977, 1984 and 1996 – Liverpool winning each of the first two games and Juventus the last – and was also the venue for the 1990 FIFA World Cup final between West Germany and Argentina. Other major events at the stadium include the 1987 IAAF World Championships in athletics and the 1960 Olympic Games, for which the stadium was constructed in 1953, set between the Tiber river and Monte Mario hill.

- **UEFA Champions League: Did you know?**

- This season, Manchester United have extended their consecutive participation in the UEFA Champions League to 13, a record in the competition. The campaign marks a 12th successive appearance for PSV Eindhoven and Real Madrid, one ahead of Arsenal.

- Of all 32 clubs in the 2008/09 group stage, only Juventus did not participate in UEFA club competition during the 2007/08 season.

- S.S. Lazio goalkeeper Marco Ballotta became the oldest player to compete in the UEFA Champions League in 2007/08 when he featured against Olympiacos CFP on Matchday 1 at the age of 43 years and 168 days. The record was previously held by Alessandro Costacurta, the AC Milan defender who played against AEK Athens FC in the 2006/07 season at the age of 40 years and 211 days. Ballotta was aged 43 years 252 days when he featured against Real Madrid on Matchday 6.

- Laurent Blanc is the oldest player to score in the competition, aged 36 years and 339 days, having found the net for Manchester United in their 3-2 defeat of Olympiacos CFP on 23 October 2002.

- Celestine Babayaro is the youngest player to have appeared in the UEFA Champions League. He was 16 years and 87 days when he started for RSC Anderlecht against FC Steaua București on 23 November 1994. He was then sent off in the 37th minute.
